Swimming—Area Finals

Congratulations to Ethan and Paige who represented Skipton at the area finals in both their races. They were part of a team who then won the overall competition. Brilliant.

500 Word Short Story

The winners of the school competition. Thanks to all who entered from all the judges. Everyone who entered was also rewarded with a pencil.

Salts Mill Visit Today

Due to the poor weather in West Yorkshire, we have postponed this trip—new date to be arranged. We shall let you have it as soon as possible.

Grounds Morning

Since grounds day we have been mainly covered in snow, but now revealed is the hard work that was put in on that day. The shrubs have been cleared from apple class outside area. Many branches have been cleared from the grounds. A litter pick and tidy of the paths in the nature and nurture area.

Social Media

On occasions some parents are tempted to make comments about the school, school staff and/or other parents on social media. Social media is not the forum for raising concerns or complaints about the school. If parents have a concern about the school they can raise their concern directly with the Headteacher and complaints can be raised through the school's complaints procedure.

Parents and carers should take care when posting messages on social media. Parents are expected to treat everyone with respect and professionalism – even on social media - and adults should set a good example to their children and other pupils. Do not use social media to criticise the school or its staff or make inappropriate comments. Making potentially defamatory comments about others on social media could have legal implications. In addition, threats of violence can lead to a criminal action.
