

**Gargrave CE (VC) Primary School**  
**SEND information report**  
**SEPTEMBER 2024**

	<b>North Yorkshire LA expectation of good practice</b>	<b>School offer</b>
<b>Universal Provision</b>	<p>High quality support for learning within mainstream lessons is the most important factor in helping pupils with SEND to make good progress alongside their peers. Your school will be able to describe some of the approaches that classroom teachers and other staff will be using throughout the day to help address your child’s needs within lessons. They may also be able to share with you the school’s overall plan of support (provision map), which outlines many of these strategies. The school must have a named governor who holds the school to account for making good provision for pupils with SEND.</p>	<p>All staff at Gargrave School are committed to providing quality first teaching so that every child can make at least good progress with their learning.</p> <p>Our teaching and learning is challenging, addresses different abilities and learning styles and is supported by high quality resources..</p> <p>Adaptations are made for individuals with additional needs and individual education plans (IEPs) that describe these adaptations, are regularly reviewed and shared with parents.</p> <p>Parents are invited to information meetings about curriculum, and class workshops over the year.</p>

		<p>Emotional and social development are considered across the curriculum, in discrete lessons and additional group work.</p> <p>The whole school takes part in sports day, annual school productions, carol services, specialist PE, French and music lessons and RE days. Year 3&amp;4 swim for a term of the year, as well as other year groups as necessary.</p> <p>The named governor for SEN is Mrs Jane Dallas.</p>
<p><b>Recording Provision</b></p>	<p>Where the school feels that something additional or different is needed to support your child because they have SEND, they will discuss this carefully with you. This information may well be recorded in a document for you and your child, known as an individual education plan. This should include:-</p> <ul style="list-style-type: none"> <li>• details of any strategies being used to support your child in class;</li> </ul>	<p>Children who have been identified as needing some additional support and/or adaptations have an individual education plan (IEP.)</p> <p>These describe personal targets, strategies and interventions that have been put in place, both to help children access classroom activities and to meet their personal targets.</p> <p>Individual education plans and personal targets are reviewed each term with parents, children and class teachers; however, class teachers are available to discuss these with you at an appropriate time.</p>

	<ul style="list-style-type: none"> <li>• details of any extra support or interventions for your child</li> <li>• your child's learning targets;</li> <li>• the next date when your child's progress will be reviewed.</li> </ul>	<p>Where appropriate, advice may be sought to inform the provision available to individual children. This will be in consultation with parents and carers.</p> <p>Home-school books have been introduced to improve communication in addition to planners and open-door policy.</p>
<p><b>Interventions</b></p>	<p>Schools use a range of evidence based interventions to support pupils with SEND to make better progress. Interventions are structured learning programmes. We will be able to explain to you:</p> <ul style="list-style-type: none"> <li>• what interventions your child is receiving and what are the intended learning outcomes;</li> <li>• when during the week any interventions will be delivered and for how many weeks;</li> <li>• who will be delivering the interventions and where (e.g. in class or outside the classroom)</li> <li>• how the interventions will relate to and support learning in the classroom;</li> </ul>	<p>At Gargrave School, we are able to offer a variety of interventions to support the needs of children. These include structured, evidence-based programmes for English, maths and speaking and listening as well as highly personalised 1:1 interventions, usually developed with the support of other agencies.</p> <p>Interventions are carefully monitored and reviewed regularly in order to ensure that they have impacted on children's learning.</p> <p>Interventions are delivered by trained teaching staff, all of whom will have received in-house training as well as training and support provided by a number of different agencies.</p> <p>In addition, we may use writing slopes, coloured overlays and fidget cushions/tools.</p>

	<ul style="list-style-type: none"> <li>• how they will be monitored closely to make sure they are helping your child to make accelerated progress.</li> </ul>	<p>All interventions are recorded on a whole school intervention map each term.</p> <p>The class teacher, or our SENCO are available to discuss in more detail any of the interventions that your child is receiving.</p>
<b>Extra Adult Support</b>	<p>There may be occasions when the school feels that some additional support within lessons may help your child to make better progress. This is by no means always the case. However, if some additional small group or one to one support within lessons is planned, the school will explain how this will work, what the aims of this support will be and how and when the impact of this support will be reviewed. Most importantly, this support should be aiming to make your child more independent in lessons.</p>	<p>Gargrave School has a number of skilled teaching assistants who support both individual and groups of children throughout school.</p> <p>In the classroom, they may be placed with individuals or groups with SEND to offer additional support. They may also be placed with other groups of children to allow the class teacher to work closely with children with additional needs on a regular basis.</p> <p>Although, from time to time, children may need a high level of individual support, our aim is always to help children to be more independent in lessons.</p>
<b>Expected progress</b>	<p>All pupils with SEND should make at least expected progress, in line with their peers.</p>	<p>Progress of all children is reviewed regularly.</p>

	<p>We will be able to explain how we will be monitoring your child's progress to ensure that it is at least in line with expectations. This will usually include progress made with personal targets, and overall progress with National Curriculum levels.</p>	<p>Some children may need additional support or adaptations in order to make good progress in line with personal targets.</p> <p>You will have the opportunity to discuss your child's progress at the parent/teacher consultation evenings and at review meetings.</p> <p>Class teachers and the school SENCO are also available at any time to discuss your child's progress at other times if you have any concerns.</p>
--	---	---

<p><b>Support from other agencies</b></p>	<p>The Local Authority offers a range of specialist support and outreach services, including educational psychologists and local enhanced mainstream schools, to help schools to deliver appropriate support and interventions, Other specialists such as speech and language therapists can also support schools in this. If the school feels that the involvement of another agency will help them to meet</p>	<p>Sometimes it will be helpful for school to request some additional support from an outside agency. This is requested with the informed consent of parents or carers.</p> <p>Gargrave School has established excellent working relationships with professionals from the following agencies:</p> <ul style="list-style-type: none"> <li>o The Educational Psychologist</li> <li>o Educational Social Worker</li> </ul>
---	--	--

	<p>your child's needs you will be informed and asked to give your consent.</p>	<ul style="list-style-type: none"> <li>o Speech and Language Therapist</li> <li>o Occupational Therapists</li> <li>o Paediatrician</li> <li>• NY SEND Hub specialist teachers and practitioners</li> <li>• Craven District SENCO</li> </ul> <p>Professionals from the above agencies may be able to support staff, children and parents in school.</p>
<p><b>On-going communication with parents</b></p>	<p>Schools communicate regularly with parents, usually once a term, to discuss how well their child is doing. For pupils with SEND it is often desirable that there is more frequent communication as it is vital that parents and school work together closely. Your knowledge and understanding of your child's needs is essential to support the school in making the best provision for them. This should also take account of your and your child's hopes, personal goals and interests.</p>	<p>We believe that regular contact with parents and carers is really important. We have an open-door policy which means that parents are welcome to come into the school and talk to staff. If the teacher is unable to talk to you immediately, they will arrange an appointment with you at a mutually agreeable time.</p> <p>We encourage parents to discuss their child's progress or any concerns they may have. This may take place via a telephone call, or a face-to-face meeting.</p> <p>All parents have the opportunity to discuss their child's progress and targets at Parent/Teacher consultation evening and at IEP review meetings.</p>

This will allow the school to regularly explain to you where your child is in their learning, and to work with you to ensure the most appropriate targets are set to ensure progress. You should be informed about the National Curriculum levels at which your child is working. If you are not sure what these mean, don't be afraid to ask.

On-going communication with school may include:

- regular contact through a home-school book or by e-mail to keep you informed of things that are going well or particular successes
- more regular meetings to update you on your child's progress and whether the support is working
- clear information about the impact of any interventions
- guidance for you to support your child's learning at home.

For some children, regular communication takes place on a daily basis through the use of a home/school book or contact with the class teacher or teaching assistant before or after school.

'Curriculum news' can be found on the class pages of the website. This contains information about what your child will be learning in the coming term, and how you can help them at home.

<p><b>SENDIASS</b></p>	<p>SENDIASS North Yorkshire is a service for parents and carers of young people aged 0-25 with special educational needs and /or disabilities (SEND) as well as young people themselves. It is impartial, which means it is not bias and gives confidential information, advice and support that is arms length to the Local Authority.</p>	<p>We work closely with staff from the SENDIASS service, if and when the need arises. You can speak to the class teacher or SENCO to arrange this or more information can be found on:</p> <p><a href="http://sendiassnorthyorkshire.co.uk">http://sendiassnorthyorkshire.co.uk</a></p>
<p><b>Statutory Assessment</b></p>	<p>For a very few children more help will be needed than is normally available through the school's own resources. Schools, parents and other agencies may decide that it is necessary to request a statutory assessment through the local authority. Your school, or SENDIASS can talk to you about this in more detail.</p>	<p>From time to time, children may not make progress despite receiving additional support in school and from external agencies.</p> <p>In consultation with parents and other agencies, the school may decide to request a statutory assessment in order to provide the long-term support a child may need. This can be discussed with the class teacher or SENCO.</p> <p>Following assessment, the local authority may decide to put an Education Health Care Plan (EHCP) in place.</p>

<p><b>Key contacts</b></p>	<p>All mainstream schools have a SENCO. They, along with your child's class teacher, will be able to discuss your child's needs with you, the support for learning that the school is providing to meet their needs, and what expectations the school has for your child's progress.</p>	<p>Please feel free to speak to the class teacher with any questions or concerns that you may have. The class teacher is always happy to discuss these with you.</p> <p>If you wish to discuss your child's needs further, please contact:</p> <p>Mrs Dawson-SENCO</p> <p>If you wish to discuss any interventions that your child is receiving, Mrs Dawson or the class teacher is available to discuss this with you.</p> <p>Alternatively you can contact the school by telephone. If the person you wish to speak to is not available, they will call you back as soon as they can.</p> <p>Telephone: <u>01756 749433</u></p> <p>SENCO (Mrs N Dawson) email address: oak@gargrave.n-yorks.sch.uk</p>
