

Science Curriculum Intent

‘Work with all your heart’

We are guided by the belief that ‘whatever you do, work at it with all your heart, as working for the Lord’.

We are a community of learners aiming for all to flourish and reach their maximum potential through valuing love, peace and hope. We will nurture learning habits where each individual has equal worth, in a safe and happy environment.

How do our pupils flourish?

Reach their full potential in and out of school

Have self-belief and self-confidence

Delight in learning

Know how to stay safe

Have resilience

Proud of our community

Have ambition and broad horizons

Positive relationships

Healthy mind and body

Good behaviour

Science

Children should be given scientific skills and knowledge to think and behave as a scientist.

We follow the National Curriculum for Science ensuring all pupils develop their scientific knowledge and conceptual understanding. Children will have the opportunity to perform real life Science investigations. Science knowledge, skills, vocabulary and activities should develop as the children progress through school.
